DECLARATION under 37 CFR 1.132

ASSISTANT COMMISSIONER FOR PATENTS  
WASHINGTON, D.C. 20231

Dear Sir:

I, MICHAEL A. YAMIN, hereby declare and state that:

1. I am a Patent Agent and employed by the firm representing the Applicant in the above-identified Patent Application, Klauber and Jackson, where I have been employed since 1997.
2. In my capacity as Patent Agent for the firm, I prepared and assisted in the copying of documents for filing with the U.S. Patent and Trademark Office on June 4, 2001 with respect to the instant Application now designated U.S.S.N. 09/873,829.
3. Documents for filing were prepared, reviewed and executed by me and copies of the prior application, including the Specification, Declaration, and Drawings were made. At least two copies of each of the Specification, Declaration and Drawings of prior application

RECEIVED  
JUN 14 2001  
OFFICE OF PETITIONS

U.S.S.N. 09/210,115 were made. One copy of the above was provided to the U.S.P.T.O. for filing. The second copy was filed by myself as our file copy of the instant Application now assigned U.S.S.N. 09/873,829.

4. I have reviewed the firm's file copy of the instant Application U.S.S.N. 09/873,829, and I find that page 119 is present in the file copy. The attached copy of page 119 was made from the file copy of U.S.S.N. 09/873,829.

5. I hereby submit that the above facts, to the best of my knowledge and belief, are true. These facts demonstrate that, to the best of my knowledge and belief, the instant Application, when mailed to the U.S.P.T.O. on June 4, 2001 contained page 119.

6. I hereby further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true and further, that the statements are made with the knowledge that wilful false statements and the like so made are punishable by fine or imprisonment or both under - §10001 of Title 18 of the United States code and that such wilful false statements may jeopardize the validity of the Application for any patent issuing thereon.
